Press Release 9/12/14

Announcing the creation of Lone Star Blower, Inc

Lone Star Blower, Inc. is a Manufacturer, Packager, and Service company for blower and blower control systems. Plant will be located in the Houston Texas USA area and begin operations in January 2015.

“Lone Star is founded by experienced professionals from the blower industry, our aim is to provide the most knowledgeable and responsive resource for our customers in providing efficient and reliable solutions” per Andrew Balberg – CEO Lone Star.

Initial products offered will include gear driven single stage turbo blowers with variable inlet and discharge guide vanes, gearless high speed turbo blowers, and vertically split multistage turbo blower technologies. Andrew continues, “Our product solutions are designed to lead the industry to set new standards in efficiency and proven with our advanced testing facilities.”

Industries served include Water and Wastewater, Power, Petro-Chemical, Oil and Gas, Food and Beverage, Mining, and many others using compressed air or gas, pressure or vacuum applications.

Lone Star is now looking for agents and distributors starting in the North and South American markets.

Initial investment is not disclosed but Lone Star expects to create more than 30 new jobs in the next 2 years. Lone Star is a privately held company owned by the Maheo Group, LLC.
