Press Release 6/12/15

Lone Star Blower, Inc announces Technology Sales Associates as it's exclusive representative in the municipal water and wastewater markets in the New England states of Vermont, New Hampshire, Massachusetts, Connecticut, Rhode Island and Maine.

The president of Technology Sales – Michael Caso has this to say “ We are very excited for this partnership to bring integrally geared turbo blowers with energy efficient variable vane control systems into the market. This highly reliable and energy efficient technology is exactly what the market needs and Lone Star backs this up with service that is a true value to our customers”

“ We are glad to have such highly skilled engineers to partner with in the NE states, we see this market growing rapidly for Lone Star. This market has not seen a customer service focused alternative for this reliable and efficient technology, it will be fun! ”  
Andrew Balberg – President Lone Star Blower.

Lone Star is a Manufacturer, Master Distributor, Packager, and Service company for blower and blower control systems located in the Houston Texas USA. Products will include single stage geared turbo blowers with variable inlet and discharge guide vane, s high speed gearless turbos, vertically split multistage turbo, and related blower control systems. Lone Star also services many other brand blowers.

Industries served include Water and Wastewater, Power, Petro-Chemical, Oil and Gas Mining, and many others using compressed air or gas, pressure or vacuum applications.

Lone Star is now looking for additional agents and distributors starting in the North and South American markets.
