Press Release 3/16/05

Announcing Roosevelt Bruins as a Senior Technician at Lone Star Blower.

“Lone Star warmly welcomes Roosevelt Bruins to the team. Roosevelt has 7 years blower overhaul and repair experience across a wide range of blower technologies including positive displacement, centrifugal, liquid ring and other pressure and vacuum blower equipment” per Andrew Balberg - President Lone Star.

Roosevelt explains, “Making this choice to come to Lone Star was really about going somewhere I can make a difference and I feel with the empowerment this management provides it’s people we can effectively “break the mold” of what the market expects for responsive customer service.”

Lone Star Blower, Inc. is a Manufacturer, Distributor, Packager, and Service company for blower and blower control systems. Products include gear driven single stage turbo blowers with variable inlet and discharge guide vanes, gearless turbo blowers, and vertically split multistage turbo blower technologies serving the industries of Water and Wastewater, Power, Petro-Chemical, Oil and Gas, Food and Beverage, Mining, and many others using compressed air or gas, pressure or vacuum applications.
